

The ancient walled town at the gateway to the Avesnois regional park. Fortified in the 17th century by Vauban, Le Quesnoy is justly proud of its heritage and invites you to discover its ramparts and the other treasures.

Our paths and trails on foot, by bike or on horse-back. Whether you are looking for a relaxing round of golf or a party atmosphere, there is something here for everyone.

Take a culinary journey of discovery through the flavours of our region. Come and meet our producers!
